Santa Lucia, Ilocos Sur, Philippines

Summary

A student at PHINMA—University of Pangasinan dedicated to creating responsive, user-friendly websites while actively learning modern web technologies. Committed to improving technical skills, exploring innovative design, and contributing to projects that deliver both functionality and creativity.

Education

PHINMA - University of Pangasinan

Bachelor of Science in Information Technology Major in Systems Development, June 2022 - Present

Technical Skills

Programming Languages: JavaScript, TypeScript, Python, Java, PHP, Kotlin, Dart

Frontend Technologies and Frameworks: HTML, CSS, Bootstrap, Tailwind CSS, React.js, Next.js, Flutter

Backend Technologies and Frameworks: Node.js, Express.js, Socket.IO

Database & Caching: MySQL, MongoDB, Redis

Version Control & Collaboration: Git, GitHub, Figma

Soft Skills

Leadership Skills, Problem Solving, Flexibility & Adaptability, Teamwork & Collaboration, Trainability

Projects

Student Document Request System - UPang

MongoDB, Express.js, React.js, Node.js

- Developed a MERN stack web platform that allows students to request school documents online, streamlining workflows, reducing waiting times, and minimizing manual administrative tasks while providing a secure and user-friendly interface for both students and administrators.

isHKolarium

Dart, Node.js, Socket.IO

- A mobile application built with Dart for the frontend and Node.js for the backend, designed to assist scholars at PHINMA—University of Pangasinan by streamlining tasks, managing schedules, and improving communication between scholars and professors.

InsureChain

React.js, TypeScript, Azle

- Contributed to a decentralized platform at iThinkHackathon 2024 that enhances insurance accessibility through gamified challenges, where users earn tokens to apply toward insurance contracts.

Sazakyan

HTML, CSS, JavaScript

- A website built with HTML, CSS, and JavaScript that allows users to browse cars, explore their parts, and view prices through a simple and user-friendly interface.

Certificates

Best in Creative Project

PHINMA University of Pangasinan, 2023

React App from Scratch

Udemy, 2024

Best in Networking for Second Year

PHINMA University of Pangasinan, 2024
